Scrapbooking Paper
Any Size Circle Punch

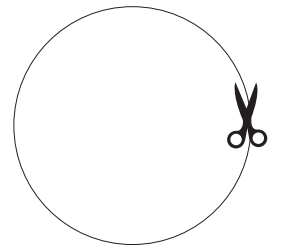

Paper Decoration

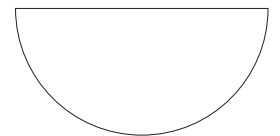

This easy little decoration is quick to make and is the perfect hanging decoration for your Christmas tree or leave in half as the perfect present topper.

1: Punch out your circles-

Your circles can be any size, depending on the paper decoration size you would like. The number of circles cut out also depends on how thick you would like the decoration. Approx 11 will make a good sized ball.

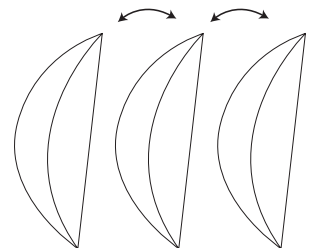

2: Fold all the circles in half. Make sure the pattern that you would like to be on the outside is folded inwards.

3: Starting with one circle, glue one half to another half of another circle. Repeat.

NOTE: It is best to keep the circles in halves and stack on top of each other as you glue.

4: If you would like to make your decoration into a hanging ball. Glue the first and last halves together to form a ball, placing the string in place before gluing together.
